## Rachel Knoester

Rachel works in both painting and mosaic mediums.

When working in mosaics, forms are broken down to simple shapes to represent natures beauty in a much more abstract way; this has influenced my painting taking it in a similar direction.

Rachel is inspired by the Gippsland countryside, and represents her home in loose abstract form to communicate to the viewer not only the powerful visual scene but also to feel its impact. She often includes the presence of an animal in a location, evoking an emotional response while capturing that "moment in time" on canvas.

Rachel will run beginners mosaic workshops in her ArtCube. The 5-6 hour workshops are \$125 per person. All tools, tiles, and products to complete your piece are supplied. For bookings, please contact Rachel via her Facebook page or directly on 0438398200.

In between pre booked workshops she will work on her own mosaics, hen visitors are welcome to watch and decide to join a casual session if there's space available.

01 - 28 MARCH

## Dianne Beavers and Scott McFadden

Dianne and Scott will install a three dimensional model into their ArtCube, incorporating three yellow tower cranes hovering above city-scape as well as a variety of colourful city images. The installation is intended to represent two different artistic concepts of a city-scape.

Dianne's work presents colourful vibrant images of shadows, reflections and patterns with sense life and habitation while Scott's work includes a grey tonal model, representing shapes and forms of an industrial epoch and how the wealthy are buying up The Great Australian Dream.

The artists will be in residence for the first week to install two very different concepts using two very different mediums with a collaborative outcome. The work will be displayed for another 3 weeks in the ArtCube.

Dianne and Scott have worked together on many projects over the last 20 years and hope to present a work that is a reflection of economic forces at play within an ordinary life, exploring the intersections between the natural world, the industrial age, the people and their dreams and an ever changing skyline.

29 MARCH - 11 APRIL

## Andrew Murray

Andrew Murray is bringing music to the ArtCubes for the first time in South Gippsland. Come visit and see the compositional process in action. View Andrew's musical scores, individual parts for the instrumentalists and view recordings of these charts performed live on screen. Andrew's nine albums will be available for purchase on CD and also digitally. For the performer, there will be scores and parts available to check out and purchase, ranging from small group all the way through to big band!

## Nicky Fraser

Nicky is a ceramicist who will be making and experimenting with different materials in her ArtCube.

She will focus on the exploration of different mediums in a new setting and see how this impacts upon her ceramic making processes.

Nicky invites people to visit and talk with her while she is working in her ArtCube, to engage curious conversations about her practice and art making in general.

Nicky will be in her Cube on Saturdays and Sundays from 11am to 2pm.
